## 2022-2023 Projection

*The 2022-2023 budget projection shows \$124,535 deficit. Salaries are running a deficit because of long-term subs and building subs being hired because Kelly Services cannot provide us with substitute teachers. The deficit in the salary line items has been reduced by not filling open positions by using existing staff to fill the openings. Also, the AFCSME new contract increases were not budgeted for which is causing a deficit in the Non-Certified Wage line item. Employee Benefits is showing a surplus because we have less employees on our insurance than anticipated. Other Professional Technical Services is showing a surplus because of the inability of Kelly Services to provide substitute teachers. Property Services is showing a deficit because of additional utility costs caused by the increase of electricity rates and the pending asbestos abatement project.*
